Sanitized Copy Approved for Release 2010/05/17 : CIA-RDP89-00244R001002480054-3

Date : July 17, 1985  
Reply to : Arthur J. Carlucci, GSA Project Manager  
Attn of :  
Subject: Site Access for GSA Professional Services Contractor (Construction Environment, Inc.)  
To : Gary Steele, Chief Site Security Operations

It is requested that you make the necessary arrangements to permit CEI personnel and vehicles on the site to properly perform their contract work of testing and monitoring structural steel work, earth work, concrete work and reinforcing steel work.

When any of the above work is going on there will be a need for one or two technicians using a pick-up truck or station wagon to have full access to the site. In addition to the above, the president of the company Mr. Jose I. Fernandez, a professional engineer, must also have periodic and random access to the site. Mr. Fernandez drives a 1984 Subaru station wagon with Virginia license FHM-209.

Your cooperation in this matter is greatly appreciated.

Sincerely,

  
Arthur J. Carlucci  
Project Manager  
Headquarters Expansion Project
